Reinforcements Are Poured Into Battle In China

Chinese Government Forces
Making Big Effort To
Hold Pengpu

**SOME VICTORY
CLAIMS ARE MADE**
NANKING, Dec. 4.—
(INS)—The Chinese govern-
ment poured reinforcements
today into the life-or-death
battle for Pengpu, the last
Nationalist stronghold
standing between the Com-
munists and the capital at
Nanking.

A nationalist defense ministry
bulletin claimed initial victories
over the red forces, including the
routing of communist soldiers
along the Tientsin-Pukow railway
north of Pengpu. The ministry
said that the communists suffered
2,500 casualties.

Nearing Decision
Government spokesmen said that
the real battle for Pengpu may be
decided this weekend. Some 750,
000 government and communist
forces have been committed to the
battle, just 100 miles north of
Nanking.

The government extended mar-
tial law to the Wushu region about
60 miles up the Yangtze river near
the battle area.

The nationalist parliament at the
same time passed a resolution or-
dering all members who had left
Nanking to return and "share" in
the present hardships.

Nationalist sources claimed to
have routed the communist force in
the Kuchien sector north of Pengpu
and to have cleared the sector be-
tween Pengpu and Kuchien of red
forces. Both cities are rail points.
Pengpu is 100 miles north of Nan-
king and Kuchien 130 miles.

Sees Government Victory
Government military spokesman
Gen. Ten Wei-Yi predicted the ma-
jor engagement would end with
"government victory."

However, some 350,000 national-
ist troops were split in two pockets
and surrounded by communists in
the area north of the Yangtze river.
Of these, 250,000 of Generalis-
simo Chiang Kai-shek's troops,
comprising three army groups,

Flash Fire In Headquarters Of Navy In Boston

Escape From Fire Scene
In Safety

BOSTON, Dec. 4.—(INS)—A
flash fire raced through part of
Boston's huge First Naval District
headquarters in the Fargo building
today, where 1,602 officers and
men were asleep.

The 1,452 men and 150 officers
all were evacuated safely.
Damage was estimated by fire
officials at \$50,000.

The flames were controlled be-
fore the heat could do serious dam-
age to the \$1,000,000 worth of ra-
dar equipment stored on the roof
of the officers' club.

The Navy's fire protection sys-
tem was praised by Boston Fire
Chief John J. McDonough, who
said:

"This was a flash fire similar
to the Cocoanut Grove disaster.
(491 men and women lost their
lives in the Boston night club Co-
cocoanut Grove fire on Nov. 28,
1942.)

"These men were very fortunate
to escape with their lives.
"The fact that everybody got
out of the building unscathed is a
tribute to the alertness of the
Navy's fire protection system."

RULE DEATH OF BRIDE WAS DUE TO ACCIDENT

BELINGTON, W. Va., Dec. 4.—
(INS)—A coroner's jury today
ruled that the death of a 25-year-
old bride of five days was ac-
cidental.
The body of Mrs. Lucille Good-
man Teter, wife of Worthy Teter of
Chicago, was found Friday in the
woods near U. S. Route 50 two
miles north of Belington.
The jury found that Mrs. Teter
died of a bullet wound in the heart.
She was carrying a .22 calibre rifle,
the coroner said, and apparently
shot herself accidentally when she
tripped, discharging the gun.

Full Scale Aid To China Fails To Get Support

WASHINGTON, Dec. 4.—(INS)—
Growing sentiment against a full
scale aid program to rescue Chiang
Kai-Shek's Nationalist government
was reported today in congress-
sional committee on foreign aid
voted to continue both European
and Chinese assistance.
The cooling sentiment appeared
to make the pleas of the generalis-
simo's petite wife to President Tru-
man and Secretary of State Mar-
shall futile.

Mme. Chiang conferred at
length with Marshall at Walter
Reed hospital, where he is under-
going a physical checkup yester-
day. No comment came from either
quarter on the success of her plea
there.

Most congressmen in the capital
were disinclined to be quoted di-
rectly on their sentiments toward
the China problem. But privately
they expressed a coolness aimed
more at Chiang than at the Chi-
nese people.

WASHINGTON, Dec. 4.—
The House Un-American
Activities Committee prom-
ised today to produce "con-
clusive evidence" next week
to prove exactly who turned
over secret prewar state,
a Communist underground
agent.

The committee is planning on
revealing evidence of a "vast net-
work of Communist espionage in
the state department" before the
war.

To Resume Inquiry
The committee's spy inquiry will
be resumed as a result of the dis-
covery of microfilms of secret
State Department documents on
the Maryland farm of Whittaker
Chambers, confessed former Com-
munist underground agent.

Robert E. Stripling, chief in-
vestigator for the House committee,
said:

"From the evidence we expect
to show conclusively the source of
these documents which were trans-
mitted from the State Department
to Chambers."

A committee representative said
that the microfilm evidence, un-
earthed after a ten-year search,

Businessmen Are Given Assurance By Sawyer

NEW YORK, Dec. 4.—(INS)—
American businessmen were as-

retary Charles Sawyer that they have
nothing to fear from the adminis-

Sawyer's remarks, viewed as ex-
pressing officially the Truman ad-
ministration's attitude towards busi-
ness, were made before the Na-
tional Association of Manufactur-

The commerce secretary stressed
the need of teamwork between

clared that no single economic

BERLIN AIRLIFT RESUMED TODAY

Reds In Berlin Spreading Many False Reports

Soviet Propaganda Machine
In High Gears On Eve
Of Berlin Elections

**SPREAD REPORT
ALLIES TO LEAVE**
By RICHARD S. WEIL
(U. N. S. Staff Correspondent)

BERLIN, Dec. 4.—The So-
viet propaganda machine
swung into high gear on the
eve of western Berlin's
municipal elections today
with a quickly-denied report
that Allied troops will quit
the city within five weeks.

U. S. Military officials
promptly branded the report
"ridiculous."

(In London, a British for-
eign office official termed
the report a "clumsy, trans-
parent propaganda attempt"
to influence tomorrow's
elections.)

Another Broadcast
(The same attitude was shown
regarding a broadcast by the
Soviet-controlled Leipzig radio
reporting that U. S. Military Gov-
nor Gen. Lucius D. Clay has been
relieved of his command.)

An American military spokes-
man said the Russian reports were
nothing more than an attempt by
the Soviets to "intimidate" the
people of Western Berlin.

The Russians are doing every-
thing in their power to deter Ber-
liners from going to the polls to-
morrow to choose a new municipal
assembly.

Creation on Tuesday of a Soviet-
sponsored Communist "rump"
assembly in the eastern sector mark-
ed a major phase in the Soviet
propaganda campaign.

Climax Of Nerve War
Western officials termed the
Russian warning the climax to the
Soviet "war of nerves" aimed at
keeping Berliners away from the
polls.

At the same time, a former Rus-

Fear Hundreds Dead In China Ship Disaster

(BULLETIN)
SHANGHAI, Dec. 4.—(INS)—A
Chinese river steamer with some
4,000 war refugees aboard ex-
ploded and sank in Shanghai har-
bor today, and unofficial estimates
said between 300 and 700 persons
were killed.

Rescue vessels were said to
have picked up about 700 survivors
thus far.

The vessel, the 2000-ton Kiang-
ya, blew up while attempting to
avoid a collision with two junks.
Officials of the steamship line
the ship's engines, darkening the
said that the explosion crippled
vessel, disabling the radio room.

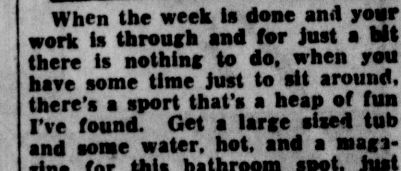

The first SOS was sent by a
passing steamer, 45 minutes after
the blast occurred.

It was estimated that the Kiang-
ya's normal capacity was 2200, but
that many more refugees had
rushed aboard without tickets at
the last minute.

Erect Large Yule Tree Downtown On Friday Afternoon

Christmas Season is nigh! With the erecting of a huge tree on the Washington street mar-
quee of the New Castle Store, the Yule Season was ushered in late Friday after-
noon. The tree which is 16 feet high was strung with 25 lines of lights and over one hundred decorations. J. W. Staudinger, manager of the store, helps with the decorat-
ing of the tree by handing more lights to Frank Perry, display manager of the store. On the ladder behind Mr. Perry is Frank Callern, an employee, and to the left in the
picture is Wm. Cwynar, also from the display department. A large crane was needed to put the tree in place over the marquee as crowds gathered to watch.

Two Alarms At Same Time Stir Firemen

Firemen Summoned For Minor Blazes, But Alarms Call Out All Departments

Perhaps a lot of folks who were downtown Friday afternoon wondered where all the firemen were going, as a result of two alarms for fire being received almost simultaneously.

At 3:18 p. m., an alarm from Box 69, called out one, two, B truck companies, and brought No. 5 to Central station. They had just gotten on their way, when an alarm from Box 35, which normally calls out one, three, four, and B truck companies, came in at 3:20 o'clock.

The first alarm was for a small auto fire on Sampson street, in an auto owned by Mike Costello. The second was a smoke scare at the residence at 414 Croton avenue, where mortar had worked out of the chimney, allowing smoke to pour out into the attic, and from under the eaves of the house.

Berlin. A week later the military governors failed to implement the decision because Soviet Marshal Vasily Sokolovsky resented on the original conditions.

The experts, representing the neutral "Little Six" members of the Security Council and the U. N., have been charged with resolving the monetary dispute in the effort to get Russia to lift the blockade.

Specifically, they hope to work out a means of establishing the Soviet-issued mark as Berlin's sole currency, while retaining Four-Power control over its issue.

Western Big Three financial experts met yesterday with the Little Six, under the chairmanship of Swedish Economist Gunnar Myrdal, appointed by UN Secretary-General Trygve Lie, is the world organization's liaison man on the commission.

South of Suhsien, 100,000 other nationalist troops in Gen. Huang Wei's 12th army group were cornered in a 10-mile square sector between the Hewi and Fei rivers.

Local ice skaters are awaiting with eagerness the first real freezing weather in order that they try out their skates for the first time this season. Skating evidently will be in order again on Cascade lake as well as other artificial bodies of water about the county.

Shoppers in the downtown section these days, can not be too careful as they go about their business. Care should be exercised not to place pocketbooks, or valuable packages on counters while completing transactions as they can very easily turn up missing in a few minutes. More petty thievery is reported at this time of the year than any other.

Pa Newc marvels at how close operators of tall trucks can come to overhead traffic lights in the downtown section and yet miss the lights. Almost daily, the trucks miss the lights by just one or two inches as they pass under. The lights at intervals though do get damaged by the large vehicles.

Holiday shopping crowds in New Castle today indicated something in the way of a new record. Unusually large crowds were on the streets and in the stores. Fact that it was pay day in many of the industrial plants, also probably contributed to the huge holiday business of the day.

Motorists in the New Castle vicinity, met early this morning, encountered one of the worst fogs of many months. Travel was at a slow rate, and under a lot of handicaps. Some minor accidents were reported. The fog moved downtown after daylight, and cleared up about 9:30.

The committee also adopted a Canadian amendment to the resolution empowering the Big Five—the U. S., Britain, China, France and Russia—to name the three nations on the conciliation commission.

The voting on the final version of the resolution produced some strange alignments. Voting in the negative were the Arab states, the Soviet bloc, Greece, Indian and Ethiopia.

The belief is that any unstructured commission—such as is now planned—will work to the advantage of the Jews. Israeli forces now have virtual complete control of the Holy Land, and are in a far superior bargaining position than the disorganized Arab states.

The British-licensed newspaper Telegraph quoted Col. G. E. Tokayev, a former member of the Soviet military government who fled to Britain, as saying that the planned German state would be "the major Soviet bastion for the domination of Europe."

In Memoriam

In memory of our beloved son and brother, William T. Stern, who passed so suddenly from earthly life into the World of Spirit ten years ago today, December 4, 1938.

PARENTS AND SISTERS

FENDER SKIRTS STOLEN

Fender skirts on the parked car of Russell Adler, Farrell, were stolen last night. The car was parked in North Mercer street near Lincoln avenue.

Carl E. Paisley, Secretary.

Fellow Rotarian:

Attending other Rotary clubs is a pleasure and a duty. Attendance being one of the main requirements of a member, it is expected that he make up an absence at his own club by attending another club during the week. Many of our members do this regularly and have had many delightful experiences. Homer Choate has arranged a program, "Rotary Clubs I Have Attended", and will have as speakers Lee McFate, Blair Alverson, Earl Cass, Harry Elder and Cal Rose.

Maker uppers—Al Teshen, speaker of the evening, and John Pannella to lead the applause, attended New Wilmington; Don Scoville at Meadville, F. A. Wilson at Zelienople.

Report Tidal Wave Hits Pacific Island

MEXICO CITY, Dec. 4.—(INS)—

Reports reaching Mexico City said today that a violent earthquake and tidal wave struck the Marais Islands in the Pacific ocean last night, killing several persons. Many others were reported injured.

The islands, which lie off Mexico's west coast, are the site of a penal colony.

The tremor was said to have been recorded at 5:30 p. m. yesterday, by a seismograph at Puerto Mazatlan.

The prison commandant was said to have taken precautions to prevent escapes.

tion can be licked through a new philosophy of co-operation. He called for:

1. Every group and government agency which is spending to use restraint;

2. Business and labor to exercise restraint in price and wage policies;

3. Lowering food prices in an "orderly" way.

The result, he said, will be a calmer atmosphere in which labor will still find employment at good wages, farmers will remain prosperous, and business will continue to earn profits.

Sawyer told the concluding session of the three-day gathering that private enterprise is alone largely responsible for the nation's vast material progress.

JANNETTI-VALLETTA

WEDDING IN CHURCH

Miss Margaret Jannetti, daughter of Mr. and Mrs. Dominick Jannetti of 707 East Long avenue, became the bride of Albert Valletta, son of Mr. and Mrs. Ralph Valletti, 421 East Division street, at a lovely wedding performed at St. Vitus church on November 27.

Rev. Fr. Richard Paluse officiated at the nuptial high mass at 9 a. m. and used the double ring ceremony.

The bride, given in marriage by her father, was attired in a gown of white slipper Satin, Princess Elizabeth style, fashioned with a sweetheart neckline, the yoke and bodice being outlined with seed pearls. Her full skirt fell in soft folds ending in a long train. Her three-quarter length veil fell from a tiara of seed pearls. The bride carried a prayer book encased in white orchids and baby mums caught in white streamers. As her only jewelry, the bride wore a pearl and rhinestone necklace, a gift from the groom.

As maid of honor, Miss Mildred Felasco wore a rose taffeta gown, fashioned with tight bodice, full ruffled skirt. She wore a large light blue picture hat. Bridesmaids were Misses Edith Chipraro, Delores Genovese, Alvera Jannetti, sister of the bride, and Rose Bertucci wearing light blue taffeta gowns similar to the maid of honor's. They wore rose colored hats. The maid of honor and bridesmaids each carried a prayer book covered with baby green orchids and baby mums caught in pastel colored streamers.

Carmen Smarrelli was the bridegroom's best man.

Ushers were Louis Melito, Guido Jannetti, brother of the bride, Fred Smarrelli and Pete Tedesco.

Following the ceremony, a wedding breakfast was served to relatives and friends at the home of the bride's parents. Dinner was served to 70 guests at a local dining room and a reception was held in the evening at the Ecclesian club with approximately 500 guests attending.

The newlyweds departed for a trip to New York, New Jersey and Rhode Island and upon their return will reside at their newly furnished apartment at 511 Ray street. Both are employed at the Shenango Pottery Co. and the groom is a veteran of World War II.

THE FAMILY SCRAPBOOK

By Ernest G. Osborne

THE FAMILY WORKSHOP

Family-Centered Community Activity

There aren't many chances for families to do things together these days. Our homes are often too small for family or neighborhood recreation. This, of course, is particularly true of cities where more and more of us are living. Then, too, the church, boy and girl scouts, the Y's, men's and women's clubs, the schools—all sorts of organizations are offering programs for particular individuals in the family but rarely for the family as a whole.

Though it's a good idea for 10 year old Anne to have Brownie activities with friends of her own age, for 15 years old Sam to be with his friends in the neighborhood athletic club and for the rest of the family to have their own age activities, there needs to be more opportunity for the family as a group to work and play together.

Perhaps the principal of the school or the minister in your town or neighborhood just hasn't thought about family nights in which your family could join with others for some good times. Suggest it to him, or see whether some of the other groups to which you or your children belong wouldn't be challenged by the idea of some family-centered programs.

LOOKING AT LIFE

(Continued from Page Four)

has suspended the Amherst chapter because it has taken in a Negro over the national president's veto. The paper says in this editorial "It is a reminder that our country still has a long way to travel on the road to tolerance."

The way this newspaper and many thousands of us use the word "tolerance" is just as wrong as "I ain't at yet."

Look up the word tolerance in your dictionary.

"The act of tolerating, etc etc." Now look up "tolerate."

1. To bear up under; to endure. 2. To suffer to be; to allow or permit to prevent.

Analyze these meanings. You bear up under something that is unpleasant, disagreeable, painful.

You suffer to be something that you really don't like but are willing to bear up under.

You can allow something because you have the superior power or privilege to prevent or forbid if you so choose.

In other words, when our preachers and teachers and statesmen exhort us to be tolerant with minorities, with people who differ from us in race, religion, color, they certainly do not mean that we just "bear up" under them or to "suffer them to be".

What that paper really meant was not that we have a long way to travel on the road to tolerance, but on the way FROM tolerance to brotherhood.

for the Republican candidate. He is also at pains to point out that if 36,618 votes spread over Ohio, Illinois and California had shifted from the Democratic side to the Republican side, Dewey would have won.

Playing this game, you can say that if a half million votes were not cast for Wallace in New York, Truman would have carried that state. It is a futile game that will leave the GOP just where it is—in a dead end.

Health Talks

By DR. W. A. WOMER
City Health Superintendent

"TONGUE AND TEETH"

The tongue and the teeth have a lot to do with speech.

It is a fine thing to be able to speak clearly and distinctly so as to be easily understood.

Lisping is a fault which should be prevented if possible.

If a child lisps, the habit should be corrected promptly.

Baby talk may sound cute but when a child speaks correctly it sounds cute too.

If a child is allowed to lisp very long it is a hard job to stop it.

If Butch says yeth for yes, perhaps Mother should show him how to whistle through his teeth. Maybe Dad could show him how to buzz. A little patience at the proper time will help a lot.

Violations Of Law Disclosed

—New Castle News Photo

Local motorists are probably the city's most inconsiderate drivers. Among other motor code violations, the above photo shows the truth of the first statement.

In this picture are at least three violations. In the foreground the automobiles are breaking the law by parking in a restricted area. Also in the foreground the autos are parked under fire escapes. In the background the artery of traffic is completely blocked.

Time and again, Mayor Haven and Chief of Police Hanna have campaigned against double parking and illegal parking of the type pictured here. BUT it is impossible to have a patrolman on every street and alley 24 hours a day in this city.

Water Main Breaks
In New York City
NEW YORK, Dec. 4.—(INS)—A water main burst underground at 42nd Street and Broadway today, causing all surface traffic to be temporarily re-routed at the start of the morning rush hour.

There was no interruption of subway service despite a slight flooding of the southbound express tracks of the BMT line. All major New York subway lines converge in the Times Square area, and it was feared for a time there might be a major tie-up.

Quick repair work by city utility and disaster units stopped the flow of water within half an hour, and the automatic drains on all the subway systems kept the water-level low enough on the tracks to prevent an interruption of service.

CHURCH COUNCIL WILL

Fenenga said that the first two times he tried the rain-making magic at Berkeley, he got terrific downpours. "Of course," he adds, "that maybe just Indian mumbo-jumbo."

Reunion Party At
Cathedral Proves
Attractive Event

Splendid Program Of Entertainment Is Presented For Members And Ladies

As a fitting climax to the recent fall reunion of the co-ordinate bodies of the Ancient Accepted Scottish Rite of the Valley of New Castle, the customary reunion party for the members and their ladies took place in The Cathedral Friday evening, when the entertainment committee went all out in providing an outstanding program.

Chairman Fred M. Alexander and his committee presented an evening long program, which pleased the capacity crowd which attended. Members and the class and their ladies were special guests on the occasion.

As the crowd was gathering, there was the usual program of movie shorts, and pep singing. One of the features at this time was the presentation of the Jameson Memorial Hospital Nurses choir, composed of young women in training there, who were directed by David W. Rees, which made a big hit. Mr. Rees also led the pep singing, accompanied by Ernest E. Branstetter at the organ.

Top billing on the program went to a couple of New Castle young folks who have made good in the big time, in the person of Faye and Andre, who will be well-represented as Andy Masur and Ruth Wilkinson. Andy is an uncle of Mrs. Ed Marvin (Nellie Brady) and the young folks got their start right here in New Castle under Nellie's tutelage. The just recently completed a long run at Leon and Eddie's, New York night spot.

Others included The Madcaps, a comedy harmonica act, and the Lady Lovelies, a quartet of young songsters who can really sing. In addition there, which featured his three young daughters also; finishing up with the Wayne-Martin Trio in an adagio number. Music was furnished by Homer Ochenshirt and his orchestra.

Dancing and motion pictures rounded out the evening.

SAFETY MAY SAVE A LIFE,
AND THE LIFE MAY BE YOURS

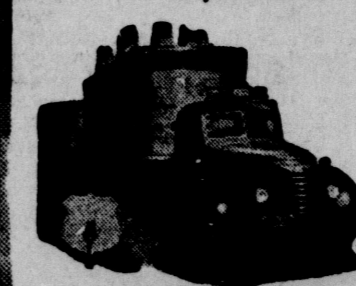

Here in Lawrence County we have a job to do in safety on the streets and highways. The year 1948 will show a tragic toll of death from automobile accidents, almost three times what it was in 1947.

We can't bring back the lives that are lost but we can take steps to reduce the toll in the future. That job belongs to all of us.

Friday night, December 10 is a good time to start. A safety rally will be held in the Castleton Hotel at 8 o'clock. Captain Joseph McCann, of the Governor's Highway Safety Committee will be the speaker.

The safety rally is sponsored by the Mayor's Traffic Study Committee, the New Castle Motor Club, the Greater New Castle Association, Local 261, Teamsters Union, Ellwood City District Safety League and the P.M.T.A.

If you drive or if you walk, the meeting is for you.

THE NEW LOOK IS OK,
BUT WHAT'S UNDER THE HOOD?

This new look idea is spreading like a rumor through a dormitory. The ladies, bless their hearts, started it and now you'll find it in trucks, automobiles, breakfast sets and safety razors.

It's all right too. Anything that improves the appearance is okay with us, but in trucks it's still a good idea to ask what's under the hood.

Sure Federals have the new look, but under the hood they have even greater power. And that's what counts.

Of course we have them. That's the idea of this ad.

Carpenters Have Banquet Event

Pensioned Members Of Union Are Honored At The Castleton Friday Night

You could find plenty of carpenters in The Castleton hotel Friday night. And not one had a hammer or saw with him.

It was the night for paying tribute to the pensioned members of Local 206, Carpenters and Joiners of America and the ballroom of the hotel was jammed with the artisans and their wives. It also marked the 50th anniversary of the founding of the local.

Twelve pensioners, members of the union, were present and received the congratulations of the crowd, with John McKim acting as master of ceremonies. Mr. McKim introduced the honored guests and the officers of the local. George McCormick is the local president.

For Mr. and Mrs. Samuel McKee it was more than a dinner party. It was a recognition of their wedding anniversary. Fifty-eight years ago Friday, Mr. and Mrs. McKee were married and the crowd paid special tribute to them. They were presented with a huge bouquet of roses.

The dinner was turkey or fish depending upon the desires of the members present. Following the dinner a dance was held.

Puzzled Over "Want Ad Baby"

—Acme Telephoto
Social workers of Indianapolis, Ind., were puzzling as to what to do with this "want ad baby," Barbara Holt, who was suffering from a cold while her 16-year old mother, Doris Holt, was being held in the Juvenile Detention home. The young mother said she gave the child to a couple for adoption in answer to a newspaper ad, but that they returned the child to her when little Barbara caught a cold. The couple, however, said they returned the youngster only because Doris Holt asked for it.

INTERNATIONAL THRILLS...</

What a Way to Start the Day!

WE'VE HEARD TELL that some families could use a traffic cop in front of the bathroom door in the mornings. There's no two ways about it—on school and working days it takes real strategy and generalship to get the whole family in and out of the bathroom and down to breakfast on time.

TWO BATHROOMS would help, of course, or if you don't want to go that "steep," have you ever considered how much an extra wash-basin or a downstairs lavatory would help to solve the problem?

Convenient, dependable, safe—your water supply is one of the most useful and least costly of modern domestic services. Are you taking full advantage of all the ways it can bring better living to you and your family?

President On River Cruise

EN ROUTE TO HAMPTON ROADS, Dec. 4.—(INS)—President Truman cruised down the Potomac river today to Hampton Roads, Va., to attend special ceremonies of a silver service presentation aboard the giant 45,000-ton battleship Missouri.

The chief executive left Washington at 10 o'clock last night aboard the presidential yacht Williamsburg for a week-end cruise to the Navy's east coast base.

He will spend several hours in the Hampton Roads area, presiding over the ceremonies in which the state of Missouri will present a \$10,000 silver service to the famous battleship on which the Japanese signed the articles of surrender in Tokyo Bay, ending the second World War.

Bridge Collapses In Ohio

Collapse of this bridge over Route 42 in Cardington, Ohio, cut off water and gas service to some residents when pipe lines were severed. Driver of the truck caught in the collapse was Ralph Cross, 24, of Cleveland. He suffered minor cuts and bruises. The trailer of the truck was badly damaged. State Highway Patrol reported the bridge was completely wrecked.

Around Hollywood

By ROLAND HAYES
(International News Service Staff Correspondent)

HOLLYWOOD, Dec. 4.—Do you like Cinderella stories? Then listen to the tale of Shari Robinson, a ten-year-old cutie from Indianapolis, who walked into one of the choicest kind acting roles in Hollywood history.

Shari and her mother live in a dinky trailer in a tourist court near the studio. They cook all their meals over a one-burner hot plate. They take their baths in a wash tub. It is so crowded they practically have to sleep standing.

But in the daytime, Shari becomes a Cinderella.

She roams through a 16-room house, complete with swimming pool, tennis court and miniature golf course.

She wears fancy duds that cost thousands of dollars.

The whole works is part of a movie set. Shari plays a kid movie star of the 1890's, a moppet like Shirley Temple, for the flicker, "You're My Everything."

Back To Trailer

But long before midnight—at 6 p.m., when the hired hand knock off for the day—Shari's royal coach disappears. So does her fancy raiment.

She climbs back into a \$2.98 dress, hops a crowded bus with her mother, and they head back for their trailer court.

But, Shari said today: "It's awfully nice being Cinderella in the daytime, even if I do have to study. Dan Daily is so good-looking and Anne Baxter is very sweet to me."

Twentieth Century-Fox, each week, hands over a \$100 check for Shari's salary. That amount is considered good for an unknown.

May Be Lucky

If she happens to be as lucky as Shirley Temple, and pop up with a smash hit in her first couple of movies, Shari's purse will get so fat she will be able to buy a house and swimming pool of her own.

The cutiepie with the light brown hair and dark brown peepers, however, would be satisfied right now to be living in a one-bedroom apartment. She explained:

Housewives Say and Brides Repeat: A New GAS Range Just Can't Be Beat.

Lindsey Company Is Handling New Alternator System

To meet the requirements of a much wider range of users, the Leece Neville Co. has been marketing 45 and 80 ampere versions of its revolutionary 61volt automotive AC Alternator System, according to Warren A. Lindsey, of Lindsey Electric Service, 114 N. Jefferson street, local distributors. Hitherto the lowest maximum output system delivered 60 amperes.

The Leece-Neville AC Alternator System is ideal for use where high output at both low and high speeds is required to keep batteries fully charged and accessories operating properly.

Originally developed for use in police cruisers, where an unusual number of electrically operated accessories and two-way radio created a serious battery maintenance problem, the systems are now in use on thousands of fire department vehicles, ambulances, highway and delivery trucks, utilities' emergency trucks, buses, ships, and private autos.

The new 45 and 80 ampere systems feature the same high output characteristics as the 60 ampere unit. They deliver from 25 to 35 amperes at engine idling; maximum output at from 12 to 15 miles an hour. Simplified installation is an added feature of the new 45 ampere system.

The alternator itself is of simplified design. Having no commutator or rotating armature windings, it can be driven safely at much higher speeds than conventional DC generators. The absence of brushes in the alternator removes another frequent source of DC equipment failure.

Eliminating the need of recharging vehicle batteries frequently and itself requiring much less maintenance than DC systems, the alternator not only has eliminated the old battery failure bugaboo, but resulted in sharply reduced operating costs for its users, as well. Twelve-volt versions, delivering 60, 100 and 150 amperes also are available.

Mayor Inspects City Improvement

Mayor John F. Haven made an inspection Friday of the revamped City Disposal plant on which the city has expended approximately \$150,000, during the last few years. He reported the plant in excellent condition, and operating efficiently. Roy McMillen is disposal plant superintendent.

The mayor first visited the new chlorine, brick building, when the cement building, after which he visited the lower portion of the main building, housing numerous pumps, then viewed the Imhoff tanks.

New Castle Crushes Akron Kenmore 49-27 In Lid Lifter

Don Reed Stars With 23 Points

New Castle High began a new basketball regime last night under Coach George "Gig" Thomas, by trouncing a fast Akron Kenmore team, 49 to 27, at Washington High gym.

Don Reed, star center, a holdover from last year, put on a scoring show for the some 600 fans who attended, amassing 23 points on 11 field goals and one foul, and was by far the outstanding performer.

Impressive Showing

While it is a little early to tell definitely what New Castle's floor chances are this year, nonetheless the boys were impressive in their lid lifter on the 1948-49 season, and played as a unit. The real test will come later when Homestead, Duquesne and Ford City are met.

Akron did not extend the locals at any time, trailing at the periods—13-5, 26 to 12, and 36-16.

Coach Thomas used every man on the bench and finished with a whole second and third string lineup. Toplift was the best for Akron with 13 points.

Slow Starters

It was a slow game to start with, New Castle led 3 to 0 four minutes of the first period over, and at the end of the stanza had jumped the lead to 13 to 5. Dick Lewis with a foul shot got the first point of the season. Lewis incidentally played a fine game at forward and had eight of the points. He looks like a real comer.

New Castle boosted the half-time lead to 26 to 12, leading 20 to 8 with four minutes left to play. Coach Thomas began sending in his subs.

Time Third Period

It was a mighty game third period, New Castle adding 10 more points and Akron 4, making it 36 to 16 as the third stanza closed. The fourth period saw a little more action, with New Castle dumping in 13 more points to 11 for Akron. With three minutes of the game left it was 44 to 20 New Castle.

Doing a fine offensive job for New Castle outside of young Reed, were Dick Lewis, Tom Clark and Phil Conti, while a bearcat on defense was Tony "The Rock" Ciarella.

Ondrus and Toplift paced Akron with 20 of the points.

Play Urmeline Next

New Castle will resume its pre-league card next Tuesday night, meeting Urmeline at Youngstown. The next home game is with Youngstown East here next Friday night.

HERE AND THERE IN SPORTS' LAND

GEORGE PATTERSON reports that Bill Klee heard seven shots being taken by two youths at a 12-point buck near the New Castle airport, Thursday. Carl Wallace also heard the shots, all of which missed. Fishermen are pleased with the new ruling on Northern Pike which permits the keeping of 16-inch pike, four being the limit. "They rarely go over 20 inches in Conneaut Lake", Harold Sewall says. Here & There has returned several short of 24 inches to Sandy Creek. "There are not too many bucks, and not too many does," Wally Bowers reports after a hunt trip to Brookston. "No use in having another doe slaughter. It takes does to have bucks," he opines. Willis McMullen reports he saw only two bucks on cars traveling between Tidoutte and Tionesta. He returned home buckless. Who is the hunter who borrowed a gun, loitered in the woods three hours, and upon his return to camp discovered the gun was empty? The leading purchaser of standard-bred yearlings in the country this year, for the second straight season, was the potato king, S. A. Camp of Shafter, Calif., who paid \$66,725, for six young trotting and pacing prospects at the annual fall sales. Camp's top-priced buys were Mighty Sun, by Volomita, Dazewlay by Billy Direct, both of whom cost \$58,000. E. J. Hayes of Duquoin, Ill., spent \$53,000, for seven yearlings, paying \$13,000 for Brick Hall by Hal Dale, and \$10,000 for Dudley Hanover, by Billy Direct. Mrs. F. Ambrose Clark, society matron of Cooperstown, N. Y., laid out \$58,000 for four yearlings. She gave \$25,000 for Mite Again, by Volimite, \$16,000 for Guy Sonata, a Phonograph filly, and \$12,000 for Kimberly, Maid, a Volomite filly. At the western livestock show in Los Angeles, "Bill", an 18-month old steer, was selected as the Grand Champion steer. He's 1,105 pounds of solid beef. After 31 years service with the Ohio Edison company, at Toronto, Chauncey Campbell, Lee avenue, has retired, which will provide him with plenty of time to hunt and fish. A quick perusal of the city directory shows the Smiths have it on the Jones, about 224 to about 115. The Johnsons have about 149 here and the Williams, approximately 133. E. V. Durling, the columnist, is a dog lover. In fact, he cannot say too many nice things about canines in general, and his own in particular. However, Here & There believes Mike Polowsky of Ellwood City, has a dog, half-German Police, half Collie, which excels Durling's pup. Polowsky's dog can carry a glass of water upon its head, crawl up and down from a chair without spilling the water. This is only one of its tricks.

Player of Year

MANAGERS of the All-American Girls' Professional Baseball league have selected Audrey Wagner of Kenosha, Wis., Comets as "player of the year." A pre-medical student at Elmhurst, Ill., college, the Bensenville, Ill., girl also won the 1948 batting championship and stole 53 bases. (International)

Jake LaMotta Wins From Tommy Yarosz

New York—Tommy Yarosz, (left) misses with left, as Jake LaMotta, comes in with his left to the stomach, of Yarosz, during their Madison Square Garden scrap last night. LaMotta won a close ten-round decision, in his first Garden bout, since losing to Billy Fox, and suffering a fine and suspension.

NEW YORK, Dec. 4.—(INS)—It was LaMotta's first appearance at the Garden since he was suspended a little more than a year ago for a questionable fight with Billy Fox. Now he is in line for a bout, either over the weight or for the title, with France's Marcel Cerdan, world's middleweight champion.

Result Is Close

The decision was unanimous, but the fight was close. The referee and one judge gave five rounds to LaMotta, four to Yarosz, and called one even. The other judge gave seven rounds to LaMotta and three to Yarosz.

LaMotta, a strong favorite, won only because of his eternal aggressiveness and because he floored Yarosz in the first round, although for no count. He kept boring in even when being knocked half groggy with barrages of rights and lefts.

Reminds of Conn

Yarosz, a classy boxer reminiscent of Billy Conn, had superior speed and boxing ability but his punches lacked authority. He was weakened ultimately by LaMotta's body punching.

Tommy's brother Teddy, former middleweight champion, was introduced from the ring before the bout.

The sparse crowd of 9,814 paid \$22,940 to see the fight.

Warren C. Giles, president of the Cincinnati Reds has confirmed a report that Bill Terry is considering a return to baseball.

Tom Hutchinson, who led the New Wilmington scorers with 27 points, flipped in the winning basket in a "sudden death" overtime period.

STOCK MARKET

'PRICES MOVE UP

Some Gains Are Reported During Trading in New York Market Today

NEW YORK, Dec. 4.—(INS)—Stocks moved up slowly today in a quiet market. Pivotal points showed gains of small fractions in both the industrial and rail list with the oil gain leaders in the former division.

U. S. Steel, Richfield, Santa Fe, Union Pacific, Pure Oil and Southern Pacific were favorites. Radio Corp. was quiet despite its increased dividend. Mid Continent Petroleum had one of the better gains, up 1/2 point to 45-.

Motors were quiet. Bond trading was slow. Some of the rails were fractionally better, but Third Avenue Railway issues were easier.

Curb prices were firm.

'Where's My Baby' Presented By Strong Cast Before Capacity Audience At School

Seniors of the Shenango Township High School presented one of the most outstanding performances in the history of the school, when "Where's My Baby" was given before an exceptionally large audience in the school auditorium, Friday evening.

The play, ably directed by Miss Leora McCommon, represented hours of hard practice by the members of the cast, which showed up in their stellar performance which brought round after round of applause from the appreciative audience.

Perform Well

Outstanding in their particular characterizations were: Ann Orlando, who portrayed the role of Jeanette, the fortune seeking mother; Walter Zurasky, who as Arthur, the son seventeen, provided many laughs and Robert McGovern, as Jackson Holmes, the young attorney who provided all the complications for the plot.

Others, who provided excellent support to the leading persons in the play included: Gloria, Delores Welker; Louella, Malinda Sleight; Hildegard, Rosemary Mendt; Linda Lindstrom, Stephanie Goreski; Henry Gill, James Johnson; Donald Regent, Thomas McGary; Mrs. Bolsworth, Clara Owce; Cleopatra Helen Troy Jones, Ann Morrone.

Between acts, the school orchestra was heard in several pleasing seasonal numbers, with Miss Leola Rowe directing. A soprano solo by Shirley Leffler was also well sung.

Committee adding to the success of the evening included: make-up, Mrs. Schmidt, Valeria Moran, Florence Schweikert, stage managers, William Hanna and Richard Lutz, publicity, Mr. Venturilla, Julia Toth, Ardith Cochran; Posters, Jo Ann Braden; tickets, Miss Margaret Cowmeadow, John Sorbo, John Marino, Charles Rhodes; ushers, Esther Hines, Delores Fruit, Lillian Alex and Louise Feil.

Volant Mothers Have Holiday Party

A tasty twelve dinner was served at attractively appointed tables, decorated with tapers, pine, candles and favors, making up a feast. The group was arranged for 28, including Mrs. Alice Perdue and Miss Mae Drake, as special guests.

"Christmas Carols" were given in response to roll call. An exchange of gifts was also a feature of the evening.

Plans were made for a Christmas party for children of the members at Volant school Monday evening, December 20, at 7:30 o'clock.

Says Business Will Go Along Much As Usual

NEW YORK, Dec. 4.—(INS)—Wallace F. Bennett, elected as the 1949 president of the National Association of Manufacturers, expressed the belief today that in the period ahead business "will go along much as always."

In an interview with newsmen, the 50-year-old head of a Salt Lake City paint and varnish company said he did not agree that business is in "a critical stage," as one of the speakers at the Congress of American Industry had asserted.

(Most delegates to the Congress, in fact, were pleased over the statement by President Truman in Washington that business has nothing to fear from his new, four-year administration.)

Message Of 'Partnership'
Bennett, who described himself as a "small" business man, said that in the coming year he intends to preach the message of "partnership" between industry and labor.

He said the men who put up the money, the men who manage the business and the men who do the work are "partners," and should work in harmony.

"It is my belief," Bennett declared, "that the kind of leadership that will serve us best cannot come from some all-powerful central group—but is a personal responsibility at the community level."

"That means responsibility of every one of us—in his own economic sphere, whether plant or office or farm or school, and in his own community."

YWCA Fellowship Short Of Goal

Announce \$25.00 Needed To Reach Quota For 1948 Is Word Of Fund Chairman

The YWCA appreciates the many contributions which have come in for its share of the National World Fellowship fund. However, Mrs. Roy A. Long, chairman, states that the local YW still lacks \$28 of reaching its quota for 1948.

Many members express surprise when they learn that contributions for World Fellowship are still being accepted. If any other YWCA member wishes to help or even any one not a member, the contribution would indeed be appreciated and can be left at the YWCA.

Leaders in the YWCA fully realize the great need for help in other countries and are anxious that all YWCA members share in this responsibility for helping our unknown friends in other countries.

MORNING HOME WEDDING

"My daughter will marry soon at a small home wedding which will take place in the morning. Only the members of both families and a few close friends will be present. Shall I give a wedding breakfast or a morning reception? Please suggest a buffet-style menu."

Answer: The bride's mother should serve refreshments—preferably a buffet luncheon about 12:30. Here are a few suggestions for a menu: Lobster salad, Julienne potatoes, rolls, coffee, wedding cake, nuts and candy. Tomato stuffed with chicken salad or crab salad, Julienne potatoes or heated potato chips, rolls, coffee and wedding cake. Cold sliced meats, Swiss cheese, potato salad, rolls, coffee, wedding cake. Any of these will be very appropriate for such a luncheon and very easy to serve.

Question: Which is correct for formal dinner service—soup plates with rims or those that are rimless and bowl-shaped?

Answer: Those with rims. The bowl-shaped plates are used for less formal occasions.

Question: I heard someone at dinner the other evening say it is perfectly correct for one to pick chicken bones in the fingers. Is this so?

Answer: No. Bones should never be picked up in the fingers. Whatever meat cannot be cut off should be left on. Can you think of anything more unattractive than a large group of diners gnawing on bones to get the last morsel of meat? Any table habits that might be considered offensive, should be omitted from your general routine. One should eat as inconspicuously as possible and never do anything that might repel others.

DOPE ADDICTS AND PEDDLERS TAKE TO HIDING

NEW YORK, Dec. 4.—(INS)—Dope addicts and peddlers in New York's Broadway theatrical district were reported scurrying into hiding today to avoid arrest in a new crackdown on the narcotics traffic in the city.

Already seized, along with a cache of heroin and morphine valued at \$750,000, are two men taken into custody last night. They were identified by federal authorities and police as Jack Gor-

don, 40, and Edward Eichler, 49, both of whom listed their occupations as salesmen.

Authorities said the dope haul was found in Gordon's furnished room on the upper west side of Manhattan. Agents said it included 5,800 morphine tablets and six and one-quarter pounds of pure heroin.

Thomas Jefferson was so poor when he died that he would have been a pauper, if Congress had not purchased his library for \$20,000.
